

Daylong Direct: **free delivery** **straight to your door**

When you need your compression garment renewing, **follow our three step process to get it delivered straight to your door.** Daylong Direct dispense ALL Compression Garments on Drug Tariff Part IXA.

1. Clinic visit

If you are ordering compression for the first time, you will need to see a healthcare professional to confirm that it is safe for you to wear compression and that it is the right treatment for you. Once your healthcare professional is happy that it is safe, you can discuss which garment is best for you, you will be measured and will receive a prescription.

If you have been wearing compression for a while, you may have a repeat prescription. This is a white form attached to your green prescription that enables you to get a new garment without seeing your clinician. If you have lost your repeat prescription, contact your healthcare professional to order a new one. Your repeat prescription is valid for 6–12 months, after which you will need a review to check your compression is still right for you, as there may have been changes in your general or limb health.

2. Prescription

Once you have your prescription, send it to Daylong Direct using our **FREEPOST** address:

**FREEPOST RTHL-YUAG-GCST,
